It should be noted that the Clearance Registers now called for should contain only the items of deposits received during 1901-02, and remaining unpaid on 30th June 1903, and not those of the previous years, for which separate Clearance Registers have already been received.

An abstract of monthly receipts and disbursements for 1902-03, together with yearwar balances, should be appended to both the Revenue and Judicial Deposit Clearance Registers as usual.

3. As deposits (Judicial and Revenue) not exceeding one rupee and unclaimed for one whole account year, balances not exceeding one rupee partly repaid during the last year, and deposits of whatever amount remaining unclaimed for more than three complete account years ending 30th June 1903, have to be credited to Government by this office by means of transfer entries, a list of such deposits, in Financial Form 174, should be submitted with the Treasury accounts for June 1903.
